The corrected reading of the barometer freduced to sea level; at New York on Thursday, April 27, 1922, at 8 AM, as reported by the United States Weather Bureau, was twenty-nine and clafty-nine hundredtts (20.80); inches. This closely approximates seven hundred and fifty-nine and two-fentus seven hundred and fifty-nine and two-fentus (759.2) millimeters. Captains of all vessels now lying in or near the ports of New York and Brooklyn can advantageously use the above official data for abserving whether their own barometers require any capsiderable correction or adjustment.

Wind at Sandy Hook, 8 PM, NW, 23 miles; clear; light sea; visibility, 12 miles.

FOREIGN WEATHER CABLE-GRAMS.

CAPE RACE, NF, April 27-Barometer a

Winds Off Atlantic Coast.

North of Sandy Hook-Fresh and strong orthwest winds; fair Friday. Sandy Hook to Hatteras-Fresh north and ortheast winds; cloudy and unsettled Friday.

Hatteras to Florida Straits—Moderate variable winds; generally fair, except chowers off Carolina coast.

Disturbance of considerable intensity central ever the Gulf of St Lawrence, moving slowly northeastway.

East Gulf—Moderate southerly winds; partly cloudy, possibly showers ever north vertice. partly cloudy, possibly showers over norm-portion Friday.

West Guil-Moderate variable winds; showers over north Friday.

Caribban Sea and Windward Passage— Moderate to fresh east to northeast winds; generally fair Friday

MARITIME MISCELLANY.

BOSTON, April 27-Barge Harraseeket, recently purchased by the Howard Line of New York, while tied with short hawser to tug Toller anchored at Quarantine, parted hawser and drifted on Long Island and remains; tug was unable to get anchor in time to assist barge on account of fresh wind prevailing; barge had no anchors and tugs will attempt to float her at high water to-night.

Congot.

LONDON, April 27-Str Northern Star from Haltimore, before reported aground ear Nargen (Gulf of Finland), floated after the charging about 650 tons of cargo into lighters.

Str Ward, from Odessa, &c, for New Orstans, has arrived at Bermuda with boiler tubes defective.

Str Thistemore (Br), from New York via Shields for Middlesbrough, &c, is ashore loar Berwick; assistance is with her.

NORFOLK, Va. April 27—Schr Cumberland Queen (Br) was yesterday righted with the assistance of schr Marion G Douglass (Br) and proceeded to Sewalls Point to be jumped out before going to shipyard for repairs.

Ship Maria Borgis, before reported sunk off Newport News, will be removed by the Government.

OGDENSBURG, NY, April 27-Str Joyland

were sold.

QUARANTINE, April 27, 11:25 AM—Motor lighter Nettle C Powell, with a load of oysters, became disabled off here and was taken in tow by tug Cornella.

ST MICHAELS, April 28—Str Port de Caen (Fr), Nantes for Montreal, has arrived here

VANCOUVER, BC, April 27-With be

Dangers to Navigation. [Reported to the Hydrographic Office.]

PASSENGER STEAMERS ARRIVED.

Notice to Owners, Agents and Ship Masters.

The Herald publishes daily reports of the positions of mer-chant vess received through the United Lates Naval Communication Service. Ship masters of vessels with radio apparatus of vessels with radio apparatus mys, without charge, report their (TR) noon positions through the following naval radio stations in the United States proper: Bar Harbor, Me. (Otterclies); Cape Hatteras, N. C.; Jupiter, Fla.; Key West, Fla.; New Orleans, La. These position (TR) reports must be addressed only to the radio station called, and they will be forwared to New York. It is important that these reports should be sent promptly at noon each day in order that they will be received in time for publication.

Position reports can also be

Position reports can also be sent through the stations of the Independent Wireless Telegraph Company, Inc., at New York city (WCG); Babylon, L. I. (WSE); Easthampton, L. I. (WSA), and New London, Conn. (WST). No charge made for medical or surgical advice, late news and weather reports.

Position reports will also be accepted through the stations of the Radio Corporation of America at Cape Cod (WCC), and Soasconset (WSC), Mass.; New London, Conn. (WLC); Cape May (WCY), and New York city (WNY). Requests for medical or surgical advice will also be accepted through the above stations of the Radio Corporation. This advice will be poration. This advice will be given free by the United States Public Health Service.

To-day's Radio Program

Recommends Advisory Committee of 12 to Assist Secretary of Commerce.

CONFERENCE FAVORS

U. S. RADIO CONTROI

mittee of twelve to be appointed by the President to assist the Secretary of final report of the recent national radio conference, as submitted to Secretary board would be appointed from Govern-ment officials and half from civil life.

ent of the radio laws to give the Secretary of Commerce adequate legal authority for the control of the establishment of all radio transmitting stations except amateur, experimental and Government stations and the operation of non-Governmental radio transmitting stations, and stated the sense of the conference to be that radio communication is a public utility, and as such should be regulated and controlled by the Federal Government in the public interest. It also declared that the types of radio apparatus most effective in reducing interference should be made freely available to the public without restriction. Among other recommendations was one that the Secretary of Commerce insiltute an immediate study of the best geographical distribution of broadcasting stations with a view to attaining the best service with a minimum of interetary of Commerce adequate legal au-

ing stations with a view to attaining the best service with a minimum of inter-ferences and in cases where congestion of radio telephone broadcasting traffic exists he should assign suitable hours of operation to stations.

In cases of conflict between radio communication services the conference recommended that first consideration

amateur be confined to the 150 meter and the 275 meter wave lengths and that the amateur continue to be under the jurisdiction of the Commerce De-partment.

The conference also recommended the creation of amateur deputy radio in-

The conference also recommended the creation of amateur deputy radio inspectors, to serve for \$1 a year, for the rurposes of policing among amateurs to obtain the observance of the radio communication laws and regulations.

The Secretary of Commerce should be given authority, it was declared, to prohibit at any time the use of existing radio transmitting appartus and methods which result in unnecessary interference.

radio transmitting appartus and memore which result in unnecessary interference and the use of existing radio receiving apparatus which caused the radiation of energy.

The conference further commended

The conterence further commended that the operation of Government sta-tions be conducted in such a manner as anot to interfere with commercial traffic and broadcasting and that when-ever Government owned stations are used for the transmission of commer-cial traffic and broadcasting they should conform to regulations established by onform to regulations est the Commerce Department.

GERMANS BUILT MAJESTIC TO BREAK SPEED RECORD

Largest Ship Develops Unsus-pected Qualities. The Germans in building the largest ship in the world, originally the Bismarck and now the White Star liner Majestic, secretly intended to recapture the speed laurels of the Atlantic, accepting to private reports received yesterday by international Mercantile Marine officials. The popular impression outside of German shipping circles was that the new ship was to be of the Vaterland type, comfortable and swift, but not a record seeker. She was rated when turned over to the Reparation's Commission as capable of twenty-three knots, with her for twenty the comfortable and swift, but not a record seeker. She was rated when turned over to the Reparation's Commission as capable of twenty-three knots, with her for twenty-three knots and twenty
